

DARRICK WOOD SCHOOL

RESPECT | RESPONSIBILITY | HONESTY

Darrick Wood School is delighted to announce the success of our students in the Key Stage Four results for the academic year 2023-24.

We are very proud to report that ten of our students have achieved grade 9 and 8 GCSE results in eight or more subjects. In addition to these achievements, we take pride in acknowledging twenty-five students who have attained a 9 or 8 in five or more of their GCSE subjects – 10% of the year group. Well done to those who gained some fantastic results – 53 students gained five or more GCSEs with grade 7 or above, 20% of the year group.

Our students, across the board, have achieved some very good results, with a notable 82% of grades achieved at 4+ in Mathematics and 83% in English Language or Literature. Equally impressive is the fact that over 55% of our students gained a 5+ in both Maths and English. These results evidence the hard work of both students and staff.

Congratulations to all, and we look forward to supporting those who continue with us in Sixth Form and wish the very best of success to those moving elsewhere.
