

# DARRICK WOOD SCHOOL

RESPECT | RESPONSIBILITY | HONESTY

Darrick Wood School is delighted to announce the success of our students in the Key Stage Five results for the academic year 2023-24.

We are pleased to report that fifteen of our students have achieved three A levels at grade A or above, a testament to their hard work, determination and the support they have received from staff. In addition to these achievements, we are proud that twenty-one students achieved at least two grade A's or above. These fantastic accomplishments reflect not only their individual efforts but also continual dedication to their work over time. Nearly half of all grades were A\*, A or B. Students who took vocational qualifications also achieved highly, with 30% of grades a D\* or D (Distinction Star or Distinction). 58% of vocational qualification grades were Distinction Star, Distinction or Merit.

These results reflect the hard work and dedication that our students have continually demonstrated throughout their studies at Darrick Wood School, and we look forward to our students going on to their next chosen stage of their education or future career.

Well done to all, and we wish you the very best for bright and successful futures.
