

# LEADING PARENT PARTNERSHIP AWARD

We are proud to be working towards the **Leading Parent Partnership Award (LPPA)** — a nationally recognised framework that supports schools in building strong, meaningful relationships with parents and carers.

The LPPA helps us strengthen home–school partnerships so that every family feels informed, included, and able to play an active role in their child’s education. Research consistently shows that when parents and schools work closely together, children benefit through improved progress, attendance, confidence, and wellbeing.

## What we are already working towards

As part of our LPPA journey, we have begun making positive, parent-centred changes, including:

- **Consulting with parents about our school uniform**, ensuring family voices shape decisions that affect daily school life
- **Transforming our parent meeting room** into a more welcoming, comfortable space for conversations, support, and collaboration
- **Expanding the ways parents can contact staff**, including the introduction of our improved *Contact Us* form to make communication quicker and easier
- **Reviewing how we present data to families**, so information is clearer, more accessible, and more meaningful when discussing children’s progress

## Our commitment

Through the LPPA, we continue to:

- Create inclusive opportunities for all parents and carers to engage with school life
- Offer activities that encourage parents and children to participate and learn together
- Strengthen communication so families feel connected, supported, and valued

Working towards this award reflects our belief that **education is most powerful when schools and families work as a team**. We look forward to continuing to develop supportive, inclusive partnerships that help every child thrive.
